Report of the Auditor General.

I have the honour to submit the Report of the Auditor General of Canada, for the fiscal year ended 31st March, 1914, including statements in detail of the Expenditure and Revenue of the Dominion of Canada for that period.

Attention is called to an over-ruling of the Treasury Board in connection with objections of the Auditor General to a payment of $21,477.86 to the Trent Valley Woollen Manufacturing Company on the ground that there was no parliamentary authority for the payment. The Department of Justice reported that there was parliamentary authority. The Treasury Board overruled the objections of the Auditor General and the payment was made.

Payments out of Letter of Credit were made by the Department of Militia and Defence amounting to $24,620.33 in connection with a party accompanying the Minister to Military Manoeuvres in England and charged to the appropriation for Annual Drill. The Auditor General objected to the payment on the ground that it was not a proper charge on that appropriation. The case was referred to the Treasury Board and the objection of the Auditor General was sustained and a recommendation was made that an item should be placed in the Supplementary Estimates to cover the outlay. This recommendation has not been carried out and the amount now appears in the Balance Sheet of the Public Accounts as a liability against the Department of Militia and Defence. Some action should be taken to remove it from the Balance Sheet. *See correspondence page* a—17.

The Dominion Notes Act 1914 requires that the proceeds of Dominion Notes issued shall form part of the Consolidated Revenue Fund of Canada. On 9th September, 1914, an Order in Council was passed authorizing an advance to the Canadian Northern Railway Company of $2,500,000 to be secured by a pledge of securities forming part of the $45,000,000 of debentures guaranteed by the Government, the proposed advance to be made by an issue of Dominion Notes. Subsequent Orders in Council have increased this advance to $10,000,000. A somewhat similar transaction was authorized for an advance of $6,000,000 to the Grand Trunk Pacific Railway Company. This issue of Dominion Notes was made and placed to the credit of the Minister of Finance in special accounts in two of the chartered banks, and the advances were made out of these special accounts. Neither of these advances was authorized by Parliament. The proceeds of this issue of Dominion Notes were not placed to the credit of the Consolidated Revenue Fund as required by the Dominion Notes Act, therefore the Auditor General could not take any part in making or withholding the advances. *See correspondence page* a—25.

Railways and Canals Department: Payments to the Trent Valley Woollen Manufacturing Co. and the Seymour Power and Electric Company.

Note: For previous correspondence on this subject see Audit Report 1912-13, page W-398.

FINANCE DEPARTMENT, OTTAWA, May 5th, 1914.

DEAR SIR,—Referring to your letter of the 20th November last, addressed to the Deputy Minister of Railways and Canals on the subject of the arrangements authorised to be entered into by Order in Council of the 25th August, 1913, with the Trent Valley Woollen Manufacturing Company, Limited, and the Seymour Power and Electric Company, Limited, I beg to enclose herewith copy of a letter of the 30th April, 1914, from the Deputy Minister of Justice, in which he states that in his opinion the payments may be made out of the moneys appropriated for the purposes of the Trent Canal.

Inasmuch as your objection to the payments was founded also on section 43 of the Consolidated Revenue and Audit Act, I enclose herewith a draft report on the matter for submission with the case to the Treasury Board.

Yours truly,

T. C. BOVILLE,
Secretary of the Treasury Board.

The Auditor General.

FINANCE DEPARTMENT, January 5th, 1914.

DEAR SIR,—I beg to enclose herewith file No. 8722 of the Department of Railways and Canals, being the papers in connection with the appeal made to the Treasury Board by that Department against the objection raised by the Auditor General to the carrying out of certain arrangements authorized to be entered into by Order in Council of the 25th August, 1913, with the Trent Valley Woollen Manufacturing Company, Limited, and the Seymour Power and Electric Company, Limited.

The Auditor General, in his letter of the 20th November, 1913, states that his action is taken under sections 41, 42 and 45 of the Consolidated Revenue and Audit Act.

Section 42, subsection (a), provides as follows:—

"No cheque for public money shall issue except upon the certificate of the "Auditor General that there is parliamentary authority for the "expenditure, save only in the following cases:—

(a) If upon any application for a cheque, the Auditor General "has reported that there is no parliamentary authority for issuing it, "then upon the written opinion of the Minister of Justice that there "is such authority, citing it, the Treasury Board may authorize the "Deputy Minister of Finance to prepare the cheque, irrespective of "the Auditor General's report."

I shall be very much obliged by your giving the matter consideration and advising me if there is any authority for the payments in question.

Yours truly,

T. C. BOVILLE, D.M.F.

The Deputy Minister of Justice.

JUSTICE DEPARTMENT, Ottawa, April 20th, 1914.

SIR,—Replying to your letter of the 5th January last, with which you enclose me file No. 8722 of the Department of Railways and Canals, being the papers in connection with the appeal made to the Treasury Board by that Department against the objection raised by the Auditor General to the carrying out of certain arrangements authorized to be entered into by Order in Council of the 25th August, 1913, with the Trent Valley Woollen Manufacturing Company, Limited, and the Seymour Power and Electric Company, Limited, I observe that you ask to be advised if there is any authority for the payments in question. As stated in the request for a ruling of the Treasury Board made on the 9th of December, 1913, by the Department of Railways and Canals, I have already advised that there is authority to make the payments in question. This opinion I gave to the Auditor General verbally and it was confirmed as stated in the application of the Department of Railways and Canals by my letter of the 3rd November, 1913, addressed to the Financial Controller of the Department of Railways and Canals. I should rather suppose from the letter of the Auditor General to the Deputy Minister of Railways and Canals of the 20th of November, 1913, that he acquiesed in that opinion as after speaking of the question of the authority for making the payments, and stating that I was of the opinion that the Government had the power to make the settlement, he proceeds to say, admitting this, he has a further objection to the payment.

I think the payments may be made out of moneys appropriated for the purposes of the Trent Canal.

I have the honour to be, sir, your obedient servant,

E. L. NEWCOMBE, *D.M.J.*

The Deputy Minister of Finance.

Ottawa, May 5th, 1914.

The undersigned Auditor General and Deputy Minister of Finance, in the matter of the appeal by the Department of Railways and Canals, against the objection raised by the Auditor General to the carrying out of certain arrangements authorized to be entered into, by Order in Council of the 25th August 1913, with the Trent Valley Woollen Manufacturing Company, Limited, and the Seymour Power and Electric Company, Limited, have the honour to report that the facts of the case are set forth in the Order in Council of the 25th August, 1913, and the Auditor General's letter of the 20th November, 1913, and the letter of the Department of Railways and Canals of the 9th December, 1913, copies of which are annexed hereto.

Respectfully submitted,

J. FRASER, *A.G.*

T. C. BOVILLE, *D.M.F.*

ORDER IN COUNCIL AUGUST 25, 1913.

RAILWAYS AND CANALS:—

On a Memorandum, dated August 22, 1913, from the Minister of Railways and Canals, representing that in connection with the works of the Trent Canal construction, it became necessary to remove a certain dam, known as Stevens dam, that had been constructed across the river Trent at the village of Campbellford, to be replaced by a new dam at a point about half a mile below; the privilege of erecting and maintaining the said dam having been conveyed through a license, by Letters Patent, under the Great Seal, dated the 9th of December, 1869, granted to the Honourable James Cockburn, *et al*, on receipt of which license the property adjoining and below the dam was divided by the license into lots on each side of the river, and disposed of to several important industrial and factory interests, who derived power direct through the water available at the dam.

The Minister observes that on the advice of the Department of Justice, to the effect that the dam had originally been built without authority, but had been allowed to remain, under license from the Dominion Government; that it was revocable at will, and that, by its terms, the licensees were expressly precluded from setting up any claims under it, an Order in Council was passed on the 12th August, 1911, authorizing the revoking and termination of the said license. Such revocation was duly carried out, and the several parties who were obtaining power through the water at the dam were individually notified of the intention of the department to remove the old dam, and were advised that the department would not be held liable for their supply of power, as to which they have, in some cases, taken the ground that they possess certain rights, of which they can only be deprived by the institution of expropriation proceedings. On these claims, the Department of Justice have further advised that the contention is an arguable one, and that the parties are entitled to have it passed upon by the courts; but from the standpoint of the practicable conduct of litigation it would appear preferable to leave them to their remedy by Petition of Right, rather than to expropriate the property.

That one of the claimants in the matter, the Trent Valley Woollen Manufacturing Company, Limited, were asked to furnish full information showing their legal rights to take water from the old dam, and upon such information being furnished it was submitted to the Department of Justice, who advised that they could add little to the opinions already given by them (above referred to); that the Crown appears never to have parted with its rights in the water-power in question, and the property owners on either bank appear to possess no greater rights than those of riparian proprietors. They state that, so far as legal considerations govern, this department need not treat with the said company on any different basis than if they were applying for the first time to utilize power; that this does not preclude the department from making such reasonable arrangements as it may deem expedient for a continuation of a supply of power to the company in view of its long-established works at this point.

The Minister has had the matter under personal consideration, with certain of these parties, and in view of the circumstances, the importance of the industrial interests involved, and the advisability, if possible, of avoiding litigation, arrived, subject to the approval of Your Excellency in Council, at an arrangement with the Trent Valley Woollen Manufacturing Company, Limited, by which the Government shall supply and deliver, or procure and supply and deliver, to that company, its successors and assigns, in perpetuity, 350 horse-powers of electrical energy, and pay to the company the cost of purchasing and installing in their factory at Campbellford the electrical and mechanical apparatus and appliances necessary or convenient for the operation of the machinery of the said factory to the same extent that such machinery was operated by water-power derived from the dam in question.

The Minister further observes that in consideration of the conveyance of certain lands at Stephen's Mill site, required for Dam No. 1, Trent canal, a lease, dated the 8th of July, 1909, was granted to John G. G. Kerry, and subsequently assigned by him to the Seymour Power and Electric Company, Limited, of all the surplus water at that point, such lease to be for a term of 21 years only, at a rental of Two Dollars per horse-power (except as to one-third of such power, then vested in the lessee), and by the 11th clause of this lease it was provided that should, at any time during the existence of this lease, the lessor be called upon to make good any surplus water-power in which any party or parties, other than the lessee, may prove to have valid interests, at Campbellford, the lessee shall sell to the lessor, at actual cost, a sufficient quantity of water-power to enable the lessor to supply such party or parties.

That the change in the company's machinery from hydraulic to electric power has been made at a cost of $22,415.29. The capacity of this installation, however, is greater than that which would have been sufficient to precisely meet the requirements of the case. The extra cost on this account has been figured out at $937.43, making the amount payable under the proposed agreement with them, $21,477.86. The company has furnished full information as to the cost of the said new installation, and the electrical engineer of the department states, in this connection, as follows:—

> "The apparatus enumerated in the accounts has been installed and "the work referred to in the vouchers has been carried out. The prices "for apparatus and work are, in my opinion, reasonable."

The Minister recommends that authority be given for entry into an agreement with the Trent Valley Woollen Manufacturing Company, Limited, to supply to them, their successors and assigns, in perpetuity, 350 horse-powers of electrical energy, of 746 watts each, measured on the low tension side of the transformers, to be furnished in the form of 3 phase alternating current, having

a normal frequency of 60 cycles per second, at a pressure of approximately 2,200 volts and to pay them the said sum of $21,477.86, being the cost of the purchases and installation of the electrical and mechanical apparatus and appliances necessary or convenient to be installed for the operation of the machinery of the said factory to the same extent that such machinery was operated by water-power derived from the dam at Campbellford.

Further, that he be authorized to enter into an agreement with the Seymour Power and Electrical Company, Limited, for the furnishing, under their said lease of the 8th July, 1909, of the electrical energy so to be supplied to the Trent Valley Woollen Manufacturing Company, to the extent, not exceeding the equivalent of 350 horse-powers of electrical energy of 746 watts each, payment to be made therefor at the actual cost to the company of production but not to exceed $12 per horse-power per annum, such actual cost to be decided after inspection by the department's officers of the books of the company and as may be certified by the Chief Engineer of the Department of Railways and Canals; the company, further, to be paid an amount equivalent to interest at 6 per cent on the cost to the company of the transmission line from their power-house to the woollen mills, and on the cost of the meter or meters for measuring the power; the department, further, to pay for such physical repairs to the line as may, from time to time be, in the opinion of the Chief Engineer of the Department of Railways and Canals, necessary; also for loss of power in the line between the power-house and the mills.

The Committee submit the same for approval.

RODOLPHE BOUDREAU, C.P.C.

AUDIT OFFICE, OTTAWA, November 20, 1913.

SIR,—I have to acknowledge receipt of your letter of the 17th inst., in reference to the payment of $21,477.86 to the Trent Valley Woollen Manufacturing Co., payment to the Seymour Power and Electric Company for supplying electric energy to the above-mentioned company, and also a discussion with the Deputy Minister of Justice as to whether the department had the necessary authority to make the above payments.

In my letter of the 29th of August last I asked you to refrain from making these payments until parliamentary authority was obtained as the Government had no authority to pay the company for the installation of an electric plant in its own mill, nor to pay the power company for electric energy supplied for the operation of the company's mill, without having first obtained parliamentary authority for so doing.

In the discussion with the Deputy Minister of Justice a new phase of the situation was presented. It was suggested that while there might not be a legal claim for compensation it was possible that, in the event of the company taking their case to the courts, an award might be given in their favour, or even if they were not successful, the costs of litigation might be such as to warrant the Government making a settlement as a matter of expediency, and the Deputy Minister of Justice was of the opinion that the Government had the power to make such a settlement on the ground that it was in the public interest.

Admitting this, what position should this office take in the matter? It appears to me that if, in my opinion, the amount to be paid is excessive or extravagant, or in the words of the Audit Act, the price is not fair and just, I am to refuse payment; and it is then open to an appeal to the Treasury Board where my opinion can be overruled, or the department can have an amount placed in the Estimates for this purpose and give Parliament an opportunity to sanction the settlement or otherwise as it may deem fit.

Now, what are the terms of the proposed settlement? What does the Government consider the company's claim to amount to? The company held a license from the Government that was revocable at will and in the event of revocation the company was precluded from setting up any claims under it. The Government authorized the revoking and termination of the license, the revocation was duly carried out, and the company was notified that the department would not be held liable for their supply of power. The company takes the ground that they possess certain rights; the Department of Justice advises that the contention is an arguable one, and that the company is entitled to have it passed upon by the courts, that the Crown appears never to have parted with its rights in the water-power question, and the property owners on either bank appear to possess no greater rights than those of riparian proprietors. They state that so far as legal considerations govern, the department need not treat with the company on any different basis than if they were applying for the first time to utilize power. What, then, is the company's claim worth?

What does the Government propose to pay as a matter of expediency? The company has discarded what was probably an old, and to some extent worn-out water-power installation and has replaced it by a new and up-to-date electrical equipment which belongs absolutely to the company and which cost $21,477.86. The Government proposes to pay the whole cost of this installation. The company requires electric energy to operate this plant; the Government proposes to supply 350 horse-power of electrical energy in perpetuity at a possible cost of $12 per horse-power per annum, or $4,200 which, capitalized at 4 per cent, would amount to $105,000, and in addition the equivalent of 6 per cent interest on the cost of a transmission line from the power-house to the woollen mills and on the cost of meters for measuring the power, for such physical repairs to the line as may from time to time be necessary, also for loss of power in the line between the power-house and the mills. No amounts are stated for these last four items.

Briefly stated, the proposal is to pay the company $21,477.86, plus $105,000, plus the last four items, for something, to which, in the opinion of the Department of Justice, the company has no legal claim.

I might also point out that so far as the Order in Council authorizing the Minister of Railways and Canals to enter into this agreement is concerned, no provision is made for extinguishing such claims as the company may have.

Under all these circumstances I think I am justified in coming to the conclusion that the sum proposed to be paid is excessive, and therefore I am precluded by the Consolidated Revenue and Audit Act from authorizing payment of the same.

This action is taken under sections 41, 42 and 45 of the Consolidated Revenue and Audit Act.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister, Railways and Canals.

DEPARTMENT OF RAILWAYS AND CANALS, December 9, 1913.

SIR,—I have the honour, by direction, to ask that a Ruling of the Treasury Board may be given in the matter following:—

On the 25th August, 1913, an Order in Council was passed, on the recommendation of the Minister of this Department, authorizing the carrying out of certain arrangements tentatively entered into with the Trent Valley Woollen Manufacturing Company, Limited, who had been deprived of the supply of water for the generation of power for their mills from an old dam built across the River Trent at Campbellford, as a consequence of the canal works at that point, which required the removal of the said dam, and the construction of a new one at a point lower down the river; further, for carrying out arrangements made with the Seymour Power and Electric Company, Limited, for furnishing to the Woollen Company electric power for the operation of their mills.

This Order fully recites the circumstances of the case, and I am, accordingly, to refer you to it for the necessary information. It authorized the payment to the Woollen Company of the sum of $21,477.86 as the equivalent cost of the electrical and mechanical apparatus to take the place of the water-power destroyed, and for payment to the Seymour Company for electrical energy to be supplied to the Woollen mills, at actual cost of production, not to exceed $12 per H.P. per annum.

It has to be observed that the Order distinctly sets out that the Woollen Company had taken the ground that they possessed certain rights to the water, and that the Department of Justice had advised that their contention was an arguable one; further, advising that the Crown appeared never to have parted with its rights in the water-power in question, but that the Department was not precluded from making such reasonable arrangements as it might deem expedient for a continuation of a supply of power to the Company, in view of its long established works at the point.

The grounds stated by the Minister in his Minute, and set out in the Order, for making the arrangements in question were the circumstances of the case, the importance of the industrial interests involved, and the advisability, if possible, of avoiding litigation.

It has further to be noted that, as stated in the Order, the Departmental Electrical Engineer has advised that the apparatus had been installed and the work carried out and that the prices for apparatus and work were, in his opinion, "reasonable".

Under date the 29th of August, 1913, the Auditor General wrote stating that he had received a copy of the said Order in Council, and that it appeared from the opinion of the Department of Justice that the Dominion Government is under no legal obligation to make the payment or to enter into the agreement proposed, and he, therefore, requested that no payment be made from the letter of credit until Parliament has authorized the same.

The matter was then verbally taken up with the Deputy Minister of Justice and the Auditor General, and the Deputy Minister's opinion was given on it. This opinion he confirmed by a letter of the 3rd of November ultimo, stating as follows:—

"I expressed the opinion upon the case as then submitted to me, that "there was adequate authority for making these payments. Whether, however, "the payments should be made from your letter of credit or upon application "to the Audit Office is a matter of practice, as to which I did not understand "that I was asked for an opinion. I presume, however, that the Letter of "Credit could be used unless otherwise directed by the Auditor General."

On the 17th of November ultimo, the Deputy Minister of this Department wrote the Auditor General, referring to the opinion of the Department of Justice, and asking whether he would concur in making payment from the Letter of Credit.

To this the Auditor General has replied, under date the 20th ultimo, stating that he thinks he is "justified in coming to the conclusion that the sum proposed to be paid is excessive", and that he is, therefore, "precluded by the Consolidated Revenue and Audit Act from authorizing payment of the same." He adds that his action is taken under Sections 41, 42 and 45 of the said Act.

I am directed to ask that, under the provisions of Section 43 of the said Act a decision of the Treasury Board be obtained as to the sufficiency of the Auditor General's objection, and whether he is to be sustained therein or the issue of the cheques ordered, in accordance with the said Order in Council.

I enclose all the papers in the case.

I have the honour to be, sir, your obedient servant,

L. K. JONES,
Asst. D. M.

The Deputy Minister of Finance and Secretary of the Treasury Board.

Treasury Minute, May 13, 1914. On a reference from the Department of Railways and Canals, the Board had under consideration the arrangement entered into with the Trent Valley Woollen Manufacturing Company as set forth in the Order in Council of the 25th August, 1913, which Company has been deprived of the supply of water for the generation of power for their mills from an old dam built across the River Trent at Campbellford, as a consequence of the canal works at that point which required the removal of the said dam and the construction of a new one at a point lower down the river; the Board had further under consideration the arrangement made with the Seymour Power and Electric Company, Limited, for furnishing to the Woollen Company electric power for the operation of their mills.

The facts of the case are fully set forth in a report from the Deputy Minister of Finance and the Auditor General, dated the 5th May, 1914.

To the arrangement effected under the said Order in Council, the Auditor General objected in his letter to the Department of Railways and Canals of the 20th November, 1913, basing his objections on Sections 41, 42 and 45 of the Consolidated Revenue and Audit Act.

Under the provisions of Section 42 of the said Act the opinion of the Department of Justice was obtained as to whether there was parliamentary authority for the payment of the amounts involved, to this the Department of Justice replied that there is such authority, viz., the Vote for the Trent Canal.

Upon the report of the case prepared by the Auditor General and the Deputy Minister of Finance, as required under Section 43, and in view of the opinion by the Deputy Minister of Justice, the Board are of the opinion that the objections of the Auditor General are not well taken and that the payment should be made according to the Order in Council of the 25th August, 1913.

Please let me have your reasons for charging these amounts to Annual Drill. These claims cover in part the expenditure of party accompanying Minister of Militia to Military Manoeuvres in England, and I am of the opinion should be provided for by a distinct Parliamentary appropriation.

Please inform this office as to the terms of engagement of the officers of the party. I am not as yet in receipt of the High Commissioner's vouchers for September and October. Will you please expedite their return to this office.

The Deputy Minister of Militia and Defence.

DEPARTMENT OF MILITIA AND DEFENCE, Jan. 7, 1914.

SIR,—In reply to your letter of 26th December, 1913, regarding certain payments from "Annual Drill" on account of officers attending Army Manoeuvres in England and on the Continent, I am to explain that the reasons for such being charged against that Vote were that these officers were attending the manoeuvres as a part of their training and that similar expenditure had been paid out of Annual Drill Vote previous year (H.Q. C—2785).

The officers attended on the understanding that their rail and steamship passages would be furnished free, and that they would receive $10.00 per diem for subsistence and contingent expenses in addition to pay of rank while absent on this duty.

The High Commissioner's vouchers for September and October went forward to your office some days ago.

I have the honour to be, sir, your obedient servant,

EUGENE FISET, *D. M.*

The Auditor General.

AUDITOR GENERAL'S OFFICE, March 28, 1914.

SIR,—I enclose herewith correspondence with the Department of Militia and Defence in reference to the expenditure in connection with a party which accompanied the Minister to the Military Manoeuvres in England last summer.

The Department has made this expenditure a charge on the appropriation for Annual Drill on the ground that these officers were attending the manoeuvres as a part of their training. My contention is that this is not a proper charge on the vote for the Annual Drill of the troops in Canada, that the Department has no vote for the above expenditure, and that an item should be placed in the Supplementary Estimates to cover this expenditure.

As directed by Section 60 of the Consolidated Revenue and Audit Act, I have to request that the Treasury Board determine in what manner the items in question shall be entered in the annual Appropriation Account.

I am, sir, your obedient servant,

J. FRASER, *A. G.*

The Secretary of the Treasury Board.

Treasury Minute, April 17, 1914.—The Board had under consideration a communication from the Auditor General enclosing copy of correspondence with the Department of Militia and Defence in reference to the expenditure in connection with a party which accompanied the Minister of Militia and Defence to the Military Manoeuvres in England in the summer of 1913.

From the correspondence it appears that the Department has made this expenditure a charge on the appropriation for Annual Drill, on the ground that these officers were attending the manoeuvres as a part of their training. The Auditor General is of opinion that this is not a proper charge on the Vote for the Annual Drill of the troops in Canada, and that the Department has no vote

for the above expenditure, and that an item should be placed in the Supplementary Estimates to cover this expenditure, and requests that the Treasury Board determine in what manner the items in question shall be entered in the annual Appropriation Account.

After consideration of the matter, the Board are of opinion that the expenditure referred to by the Auditor General is not properly chargeable against the appropriation for Annual Drill and that special authority should be obtained by an item placed in the Supplementary Estimates to cover this outlay.

T. C. BOVILLE, Secretary.

AUDITOR GENERAL'S OFFICE, April 22, 1914.

SIR,—Referring to our former correspondence in connection with the expenditure of your department for a party which accompanied the Minister of Militia and Defence to the Military Manoeuvres in England in the summer of 1913 in which I took exception to the expenditure being made a charge on Annual Drill I enclose a Ruling of the Treasury Board sustaining my objection.

The expenditure cannot now be allowed until a vote of Parliament is obtained to provide for the same.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Militia and Defence.

AUDITOR GENERAL'S OFFICE, May 11, 1914.

Sir,—I have to request that you will have an Entry Warrant passed crediting Militia Annual Drill 1913-14 and debiting Militia Department suspense account with $24,620.33 being the expenditure incurred in connection with the party attending army manoeuvres in summer of 1913. This amount will have to remain a liability against the Department until a vote is obtained from Parliament to cover it.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Finance.

Refund of Security Deposit to Halifax Dredging Company.

AUDITOR GENERAL'S OFFICE, May 2, 1914.

SIR,—I wish to direct your attention to the security deposit made by the Halifax Dredging Company in connection with their tender for the construction of a car ferry terminal at Carleton Point, P.E.I.

The contract having been awarded to the Company, a draft contract was sent them for execution. For certain reasons they declined to execute the contract. They were advised that unless they at once executed the contract, their security deposit would be forfeited, and by a formal notice served on them

through the Department of Justice, dated 24th June, 1913, such forfeiture was duly made. The money then became part of the Consolidated Revenue of Canada.

I have received a copy of an Order in Council dated 1st May, 1914 in which the Acting Minister of Railways and Canals recommends that authority be given for the revocation of the forfeiture of the Company's security deposit and for the return to them of such deposit.

Before a refund of this security deposit can be made it will be necessary to have a vote of Parliament authorizing the same as was done in the case of George Goodwin's deposit in connection with his tender for the construction of a portion of the National Transcontinental Railway.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Finance.

FINANCE DEPARTMENT, May 2, 1914.

Dear Sir,—I enclose herewith copy of an Order in Council of 1st May, 1914, on the subject of the refund to the Halifax Dredging Company of an amount deposited as security with their tender for the construction of a car ferry terminal at Carleton Point, P.E.I.

It appears from the Order that, by a formal notice served on them through the Department of Justice, forfeiture of their deposit was duly made.

The Order in Council herewith recommends that authority be given for the revocation of the forfeiture of the Company's security deposit. At the present moment the amount of this security is held by the Finance Department in an open account known as Contractors' Security Account, and has never been transferred as revenue to Consolidated Fund, inasmuch as the Department has never had any notice of the forfeiture.

I enclose herewith a letter just received from the Auditor General pointing out that before a refund of this security can be made it will be necessary to have a vote of Parliament authorizing the same.

I shall be glad to be advised whether your letter of the 24th June, 1913, referred to in the Order in Council, constitutes an absolute forfeiture; whether revocation thereof can be made by the Order in Council of 1st May; and whether this Department acting on the said Order in Council, can pay over the amount of security to the tenderer apart from a vote of Parliament authorizing the action.

Would not section 92 of the Consolidated Revenue and Audit Act apply in this case?

Yours truly,

T. C. BOVILLE, *D. M. F.*

The Deputy Minister of Justice.

Order in Council 1st May, 1914. The Committee of the Privy Council have had before them a report, dated 30th April, 1914, from the Acting Minister of Railways and Canals, representing that under an Order in Council dated 24th April, 1913, a tender submitted by the Halifax Dredging Company, aggregating $799,495, for the construction of a car ferry terminal at Carleton Point, P.E.I., was accepted.

The Minister observes that accompanying the above mentioned tender was a certified cheque for the sum of $50,000. On the 25th April, 1913 they were notified of the acceptance of their tender and called upon to enter into contract. The cheque was forwarded to the Department of Finance, and they were requested to deduct therefrom the sum of $39,975 to be held as contractors' security in the usual way, sending a cheque for the balance. This balance, $10,025, was returned to the Company on the 15th of May, 1913.

That a draft contract was duly forwarded to the Company for execution.

That on the 31st May, the Company telegraphed, stating that they understood from the Engineer in Charge that Prince Edward Island stone for crib fill and for the core or protection slopes would not be allowed. They stated that this was not in accordance with their interpretation of the specification, and that if all mainland stone were insisted upon and the time for completion adhered to, they would decline to enter into contract.

That in reply, they were advised that unless they at once executed the contract, their security deposit would be forfeited, and by a formal notice served on them through the Department of Justice, dated 24th June, 1913, such forfeiture was duly made. The deposit remains in the hands of the Finance Department.

That subsequently, by newspaper advertisement, new tenders were invited for the work, and finally, under an Order in Council dated 2nd August, 1913, the tender of Messrs. Roger Miller & Son, Limited, aggregating $949,250 was accepted. A contract with them was executed on the 2nd September, 1913.

That the Halifax Dredging Company have urged the return of their said deposit security, on the ground that they had acted in good faith in the matter, believing, at the time of tendering, that the Island stone would be allowed to be used, as having been used elsewhere for similar purposes at Charlottetown.

That it must be observed that the specification upon which they tendered, while not specifying or barring any source of supply of the stone, made the following provision as to it:—

"37. Quality of stone. All the stone is to be of sound, durable description, "free from bull, black, clay, shakes, seams, shale or defects likely, " in the opinion of the Engineer, to impair the integrity of the blocks "under action of wave or weather and is at all time subject to approval "or rejection by the Engineer."

That from a report made by the Engineer in Charge on the 30th of May, 1913, it appears that, on inspection, he found the stone the Company desired to be allowed to use to be a sandstone, soft and crumbly in texture, with an occassional course of harder stone, and that it did not meet with the requirements of the specification.

That the Company would appear to have acted in good faith in making their tender on the basis of obtaining and using local stone, which they believed to be suitable for the purpose, and local stone, not being expressly barred by the specification.

The Minister, under the circumstances, recommends that authority be given for the revocation of the forfeiture of the Company's security deposit, and for the return to them of such deposit.

The Committee submit the same for approval.

RODOLPHE BOUDREAU, *C.P.C.*

DEPARTMENT OF JUSTICE, OTTAWA, 4th May, 1914.

SIR,—In reply to your letter of 2nd instant, with regard to the Auditor General's objection to the refund authorized by Order in Council of 1st May instant, to be made to the Halifax Dredging Company, I am afraid that the Auditor General's objection must be sustained. The deposit is, as you say, duly forfeited and has become part of the Consolidated Revenue Fund, and there must, therefore, be parliamentary authority to return it. So far as I can perceive no such authority exists. Section 92 of the Consolidated Revenue and Audit Act does not apply to this case.

Papers returned.

I have the honour to be, sir your obedient servant,

E. L. NEWCOMBE *D. M. J.*

The Deputy Minister of Finance.

FINANCE DEPARTMENT, OTTAWA, May 6th, 1914.

DEAR SIR,—Referring to your letter of the 2nd instant, on the subject of the security deposit made by the Halifax Dredging Company in connection with their tender for the construction of a car ferry terminal at Carleton Point, P.E.I., I beg to enclose herewith copy of my letter to the Department of Justice and a copy of the reply thereto, from which it appears that parliamentary authority is required to return the security.

You will notice further that section 92 of the Consolidated Revenue and Audit Act does not apply to the case.

Yours truly,

St. Andrew's Rapids Fishway — Transfer of Expenditure from one Appropriation to another.

AUDITOR GENERAL'S OFFICE, January 2, 1914.

SIR,—Herewith I beg to return your application of the 18th December, 1913, for a transfer of $5,140.10 from St. Andrew's Rapids Fishway, Income, to Red River, Improvements, Income. Your reason for the transfer is stated thus:—"The St. Andrew's Rapids Fishway appropriation being inadequate to meet the cost of the work, it is proposed to defray the whole from the appropriation, 'Red River, Improvements', and to permit the appropriation 'Fishway' to lapse at the close of the fiscal year".

Allow me to point out that "Red River Improvements", and "St. Andrew's Rapids Fishway" are entirely distinct votes, and in so far as the appropriations are concerned, bear no relation to each other. To charge the expenditure for St. Andrew's Rapids Fishway, to Red River Improvements, as you request, would be in direct contravention of Section 41, Sub-section 1 of the Audit Act.

I am, sir, your obedient servant,

E. D. SUTHERLAND, *for A. G.*

The Deputy Minister of Public Works.

DEPARTMENT OF PUBLIC WORKS, OTTAWA, Jan. 5, 1914.

SIR,—Your letter of 2nd instant regarding application for transfer from "St. Andrew's Rapids Fishway" to "Red River Improvements" has been referred to this office. You point out that,—

> " 'Red River Improvements' and 'St. Andrew's Rapids Fishway' are entirely distinct votes and so far as the appropriations are concerned bear no relation to each other".

This Department clearly recognizes that fact. On the other hand, the work contemplated by the latter appropriation is in fact an improvement to the Red River and if Parliament had granted no special vote for the Fishway, the cost of same would, without any controversy, properly have been charged to the appropriation "Red River Improvements".

Unfortunately the Estimates Branch of this Department in framing its estimates for the now current fiscal year over-estimated the progress which had already been made in the work of the Fishway and asked, for the year 1913-14, an amount altogether inadequate for the completion of the work. The Fishway has now been finished and there is urgent necessity that a large balance owing to the contractor should be paid with as little delay as possible.

Under similar circumstances on several occasions in the past, the Auditor General has consented to the defraying of the full cost (for the year) of a special work from a closely allied general appropriation, upon the condition that the whole cost was charged to such general appropriation, leaving the special appropriation, untouched and to lapse in its entirety at the end of the fiscal year. Naturally cases of this kind have not been very frequent, but let me direct your attention as examples to the following:—

In the year 1912-13, application for transfer No. 10 of 15th October, 1912, read as follows:—

> "Saskatchewan River Improvements Dr. to Survey, Rapids North and South Saskatchewan,—total sum charged at date to latter appropriation $20,006.65. The intention is to let the Survey appropriation stand untouched and lapse at end of year. All expenditure to be charged to the Improvement appropriation".

In the year 1909-10 application for transfer No. 20, of 8th October, 1909, read as follows:—

> "Construction of Armouries Dr. to Guelph Armoury. Total amount charged against latter appropriation, $5,050.94. Owing to unforseen circumstances, the charges against this appropriation have been considerably more than the funds provided, and there is still a portion of the work unpaid for. It is therefore desired that the whole may be debited to the general vote, permitting the special vote to remain untouched and to lapse at the close of the year."

Both these applications were accepted by the Auditor General and acted upon.

I trust that with these explanations you will find it possible to waive the objections raised against the present application for transfer, which is returned herein.

I have the honour to be, sir, your obedient servant,

A. E. KINGSTON, *Accountant.*

E. D. Sutherland, I.S.O., Auditor General's Office.

AUDITOR GENERAL'S OFFICE, Jan. 9, 1914.

SIR,—The following items appear in the Supply Bill for the current fiscal year under Harbours and Rivers, Manitoba:—

"Red River—Improvements".....$ 80,000 00
"St. Andrew's Rapids—Fishway"..... 5,060 00

St. Andrew's Rapids is a part of the Red River. The Public Works Department let a contract for the construction of a Fishway at St. Andrew's Rapids and two progress estimates have been paid and charged to that Vote. It now appears that the Vote is not sufficient to complete the work and the Department has asked to transfer the payments already made to the Vote for Red River—Improvements and allow the Vote for the Fishway to lapse. I have refused to allow the transfer on the ground that Parliament granted a specific sum for the Fishway and this sum could not be exceeded.

The argument is used that the Fishway is an improvement to the Red River and if the expenditure had, in the first place, been charged to the Red River Vote it could have been allowed.

I have to request that the Treasury Board be asked to give a ruling in this matter.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Secretary of the Treasury Board.

FINANCE DEPARTMENT, January 24, 1914.

DEAR SIR,—Referring to your letter of the 9th instant, on the subject of appropriations for the Red River Improvements and the St. Andrew's Rapids Fishway, I beg to state that the matter was placed before the Treasury Board for consideration on the 21st instant.

The Board, in view of the fact that separate appropriations have been made by Parliament for these works, are of opinion that the transfer of the payments already made out of the vote for St. Andrew's Rapids Fishway to the Red River Improvements appropriation cannot be entertained. A further appropriation in the Supplementary Estimates should be sought for the additional outlay on the Fishway.

Yours truly,

T. C. BOVILLE, *D. M. F.* and *Sec. T. B.*

The Auditor General.

AUDITOR GENERAL'S OFFICE, January 28, 1914.

SIR,—Enclosed you will please find your application of the 18th December, 1913, requesting a transfer of $5,140.10 from St. Andrew's Rapids Fishway to Red River Improvements. The question at issue, and subject of correspondence as to whether the expenditure for St. Andrew's Rapids Fishway (which Rapids form part of the Red River) might properly be charged to Red River Improvements, was referred to the Treasury Board for a ruling

An extract from a letter dated the 24th instant, from the Secretary of the Treasury Board, reads as follows:—

"The Board, in view of the fact that separate appropriations have been made by Parliament for these works, are of opinion that the transfer of the payments already made out of the vote for 'St. Andrew's Rapids Fishway' to the 'Red River Improvements' appropriation cannot be entertained.

A further appropriation in the Supplementary Estimates should be sought for the additional outlay on the Fishway."

I am, sir, your obedient servant,

J. FRASER, *A. G.*

The Deputy Minister of Public Works.

GENERAL CORRESPONDENCE.

Loans in Dominion Notes to the Canadian Northern Railway and the Grand Trunk Pacific Railway.

AUDITOR GENERAL'S OFFICE, September 22, 1914.

SIR,—I have to acknowledge receipt of your application for an entry certificate for the issue of a loan of $2,500,000 each in Dominion Notes to the Canadian Northern Railway and the Grand Trunk Pacific Railway respectively.

In my opinion the Government has no legal authority for making these loans, and therefore, I cannot sign the certificate.

As I understand the notes have already been issued, I shall take cognizance of the same for bookkeeping purposes.

I am, sir, your obedient servant,

J. FRASER, *A. G.*

The Deputy Minister of Finance.

Re Intercolonial Railway—Arrears due.

GOVERNMENT RAILWAYS, MONCTON, N.B., December 26, 1914.

Dear Sir,—Replying to your letter of November 16th I attach hereto letter from Comptroller Shannon explaining each of the items referred to in the statement attached to your letter.

As regards:—

Canadian Pacific Railway, N.B. Division—$8,008.84.

We will get this money as soon as our new St. John terminal agreement is completed.

Grand Trunk Railway, Traffic—$41,187.72.

Since Mr. Shannon's letter was written the Grand Trunk have paid us their traffic account.

Halifax & South Western Railway.

The Minister of Railways is arranging to deduct from certain payments which the Government are under obligation to make to Mackenzie and Mann.

New Brunswick & Prince Edward Island Railway—$9,466.00.

The N.B. & P.E.I. Railway will pay this amount in connection with the purchase of that Railway which we have undertaken.

Salisbury & Harvey Railway—$70,577.24.

We are endeavouring to secure a lease for the rails, bridges and rolling stock which this amount represents.

St. John & Quebec Railway—$9,212.04.

It has been arranged that joint terminals between St. John & Quebec Railway and the I.C.R. be made at Fredericton, and we built a freight shed, team tracks, etc., for joint use with the understanding that they would pay such proportion of the expenses of the joint terminals at Fredericton, as the Minister would decide was right and proper, and as the passenger station, engine house and yard are yet to be added to this item, it should be held in abeyance until the final plans are completed and the Minister's decision in connection therewith arrived at.

Thomas Malcolm—$4,716.52.

This amount will be paid in the purchase of the International Railway of New Brunswick.

The other items as advised by Mr. Shannon are receiving our attention, and if you think it will assist, I will send you a list of those items which we consider are not collectable, with the idea of getting them cleared off our books. It is Mr. Shannon's duty to make these collections with the assistance of myself and the General Solicitor, when he is unable to make the collections in the regular way.

Yours truly,

The Auditor General.

F. P. GUTELIUS,
General Manager.

(*a*) Due to the completion and occupation of a larger number of new drill halls during the year than was estimated for, and consequently more fuel and light bills.

(*b*) Larger expenditure for lodging allowances, especially at Winnipeg where, owing to the sale of the barracks, many of the troops had to be provided with rented quarters.

(*c*) Owing to a large number of new corps having been formed, there was a large increase in the printing and stationery bills.

These accounts have been examined under my direction and are correct.

AUDITOR GENERAL'S OFFICE, OTTAWA, June 9, 1914.

SIR,—In the examination of the expenditure in British Columbia during the fiscal year 1913-1914, on account of the Royal Commission on Indian Affairs, I am struck with the large amount paid for automobile and taxi cab service, which, outside of the small amounts charged in the individual accounts of the Commissioners and officials, amounts to $5,252.85, as follows:

Big 5 Auto and Taxi Cab Service, Vancouver	$ 2.00
H. Blair, Ashcroft	200.00
J. W. Green, Victoria	29.00
W. R. McCluskey, Kamloops	1,552.85
N. W. McConnell, Kamloops	10.00
W. H. Maysmith, Victoria	3,212.50
J. Moran, Victoria	2.00
A. B. Ward, Kamloops	240.00
Richard Woods, Victoria	1.50

In view of the large amount of these payments I think that a full explanation should be given by the Commissioners of each auto trip undertaken by them, showing the destination and the time occupied. More especially is this required for the various trips in and about Victoria.

In the account for auto hire of W. H. Maysmith of Victoria, I find the following charges for auto service on Sundays:—

May	25	$ 62.00
June	22	10.00
July	6	19.00
"	13	13.50
"	20	42.00
"	27	14.00
Aug.	3	41.00
"	10	41.00
Sept.	21	3.00
Nov.	2	6.00
"	6	1.00
Jan.	4	2.00
"	18	5.00
"	25	2.00
Feb.	8	9.00
"	15	21.00
"	22	7.00
Mar.	1	1.00
"	15	4.00
"	22	1.00
"	29	16.00

These charges for Sunday service require special explanation on the part of the Commissioners.

I have no detailed statement of the auto service rendered by Maysmith during the month of December, which amounted to $48.50. Kindly let me have such a detailed statement.

I am, Sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Superintendent General of Indian Affairs.

Department of Indian Affairs, Ottawa, August 12, 1914

Sir,—With reference to your letter of the 9th June, respecting accounts for automobile and taxi cab service incurred by the Royal Commission on Indian Affairs for British Columbia, I beg to enclose herewith copies of letters from Mr. Bergeron, Secretary and the Chairman of the Commission, in regard thereto.

Your obedient servant,

J. D. McLEAN, Asst. Deputy and Secretary.

The Auditor General.

Royal Commission on Indian Affairs for the

Province of British Columbia,

Belmont House, Victoria, B.C.

Sir,—I am desired by the Commission to reply to your letter of the 12th inst. containing a statement from the Auditor-General of the 9th inst., concerning amounts paid by the Commission for automobile and taxi cab service. It is rather late in the day to be in a position to answer satisfactorily the question of the Auditor General. It is over a year now, since the Commission has passed a contract with the motor cars owner, a contract which at the time the Royal Commission thought was very advantageous, as the visitations of reserves had to be made in that way, it being the most expeditious and the cheapest, and it was on account of the contract that lower prices were obtained than could have been had under ordinary circumstances.

It is impossible here to have good strong cars for less than $40.00 a day, and indeed, when the contract was made the daily tariff was $50.00. By the contract made last year with Maysmith the Commission had the use of three good, well-equipped cars for $100.00 a day, with the understanding that whenever the Commission required motor car service in Victoria they could have it for $4.00 an hour instead of $5.00, which is the recognized tariff in the cities of Victoria and Vancouver.

As to the first part of the Auditor-General's letter concerning car service on Vancouver Island, the vouchers for that had been sent long ago, very nearly a year; and I may say that these accounts were examined and found correct according to the contract with Maysmith. I do not know whether the Auditor General is aware that the Commission travelled some one thousand miles on Vancouver Island and about three thousand on the main land, a considerable part of the travel being off the main highways and over particularly difficult roads; and I may say that it would have been impossible for the Commission to have gone through the visitations of the reserves at a less cost than the amount of money paid for that purpose.

Now for the second part of the Auditor-General's letter concerning charges for auto service on Sunday. It would be impossible to-day, to have the details which he desires. All that I know is that I ascertained that the service was really rendered for the account presented. I remember that some reserves around Victoria were visited on Sunday, but unfortunately not having been advised by the department, no official record was kept of the details of that

service, but the Commission directs me to say that whatever the ruling of the department will be on that matter, will be adhered to in the future, but it is physically impossible to give the details now of the past service.

As for the December account of $48.50, the only details which we have are a copy of those which were sent with the account and which are at present with the Auditor-General. All that I can remember as far as that month is concerned, is that, although the Commission was not sitting officially, there was a committee of the Board sitting permanently, and in December there were some communications in writing and some papers to be signed which entailed the stenographer travelling between the office of the Commission and the private residence of the chairman, whose work was actually finished on the 30th of November, but who was kind enough to sign some papers and help in that way, the committee finishing the work of the previous season.

I am, Sir, your obedient servant,

J. G. H. BERGERON, Secretary.

The Asst. Deputy and Secretary of Indian Affairs.

DEAR SIR,—On the return of the Commission last Thursday from their tour of the Bella Coola Agency, your letter respecting the accounts of the Commission forwarded to the department, and the reply of Mr. Bergeron, our secretary thereto, were laid before the Commissioners.

We have nothing to add to what Mr. Bergeron set forth, except as regards the accounts for motoring.

We note that you think the charges therefor are high, but you must bear in mind that we are doing our work in a country where everything is very high indeed, and it is quite impossible to compare prices here with prices that rule in the East. The hire of motors is no exception to that rule. The motors were absolutely required on the trips to which Mr. Bergeron referred, and the Commission could not get along without them. We had to carry along ten persons, namely the five Commissioners, our secretary and assistant secretary, Mr. Young, the Counsel for the Dominion, a stenographer, the Indian Inspector, for the respective Districts, and the Indian Agent. The Assistant Secretary was necessary as our sumpter man. Without him we would have had great difficulty in arranging for our stoppages along the road.

In making our arrangement with the motor man, we did not agree to pay him what he demanded at first, but we got him to agree to a considerable reduction. We made the best bargain we could, and I can emphatically state that the Commission, in view of the going charges here, not merely made the best bargain they could, but made a good bargain with him.

Yours very truly,

Chairman of the Commission.

The Secretary, Department of Indian Affairs.

AUDIT OFFICE, OTTAWA, June 16, 1914.

SIR,—Mr. H. Phelan has been Acting Collector of Inland Revenue at Peterborough from December 14, 1911, at a salary of $1,200 per annum.

Chapter 51, R.S.C. 1906, section 12 provides that the Governor in Council may appoint officers and other persons to carry out this Act, etc. I am not aware of any Order in Council appointing Mr. Phelan, and as a period of two and a half years has elapsed since he was named Acting Collector, he can hardly be considered as acting in a temporary capacity.

I am therefore of the opinion that an Order in Council should be obtained establishing his position. Please let me know the intention of your department in connection with the matter.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

INLAND REVENUE, DEPARTMENT, OTTAWA, June 18, 1914.

SIR,—I acknowledge receipt of your communication of the 16th instant requesting to be advised as to the intention of the Department in connection with the temporary employment of Mr. H. Phelan as Acting Collector of Inland Revenue at Peterborough, in view of the period which has elapsed since he was appointed to act in this capacity.

In reference thereto, I beg to advise that it has been decided to dispense with the services of this official at a very early date.

I remain, sir, your obedient servant,

G. W. TAYLOR,
Acting D. M.

The Auditor General,

AUDIT OFFICE, OTTAWA, November 5, 1913.

Re **Bonded Manufactures—Hamilton, Ont.**

SIR,—The receipts from Bonded Manufactures in 1911-12 amounted to $7,010.80, and in 1912-13 to $4,763.79.

How is this large reduction accounted for?

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister Inland Revenue.

INLAND REVENUE DEPARTMENT, OTTAWA, November 7, 1913.

SIR,—I acknowledge the receipt of your communication dated 5th instant, requesting to be furnished with an explanation as to the reduction during the fiscal year 1912-13 as compared with 1911-12 in the receipts from bonded manufactures in the Inland Revenue Division of Hamilton.

In reference thereto I beg to state that the department can offer no explanation in connection with this matter, further than that the decrease in the last fiscal year is probably due to contraction in the volume of business transacted.

I remain, sir, your obedient servant,

GEO. W. TAYLOR,

Secretary.

The Auditor General.

AUDIT OFFICE, OTTAWA, November 5, 1913.

Re **Excise Revenue.**

SIR,—The receipts for excise at Peterboro in 1911-12 were $50,133.11, and in 1912-13 only $21,594.98.

You have no doubt inquired as to the cause of the large reduction, and satisfied yourself that all that should have been collected was collected and accounted for.

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

INLAND REVENUE DEPARTMENT, OTTAWA, November 7, 1913.

SIR,—Replying to your communication of the 5th instant, respecting the cause of the large decrease in Excise revenue collected at Peterboro during the fiscal year 1912-13 as compared with 1911-12, I beg to inform you it is found upon examination that the decrease referred to is practically confined to the duty collected on spirits. This may probably be explained by the existence of local option in that vicinity, or other similar cause of local character.

I remain, sir, your obedient servant,

GEO. W. TAYLOR,

The Auditor General. *Secretary.*

INLAND REVENUE DEPARTMENT, OTTAWA, November 18, 1913.

SIR,—Referring to previous correspondence in connection with the duties performed by public analysts, and particularly to your communication of the 3rd March last, I beg to inform you that owing to the fact that the several analysts have not been actively employed in the performance of analytical work for the department, and in view of the early reorganization of the Adulteration of Food Branch of the Department, an Order in Council, dated the 8th instant, has been passed dispensing with their services, to take effect from the 1st April, 1914, viz.:—Mr. M. Bowman, Public Analyst, Halifax; Dr. J. T. Donald, Public Analyst, Montreal; Dr. F. X. Valade, Public Analyst, Ottawa; Dr. C. J. Fagan, Public Analyst, Victoria.

I beg to remain, sir, your obedient servant,

GEO. W. TAYLOR,

The Auditor General. *Secretary.*

Re Distilleries.

AUDIT OFFICE, OTTAWA, March 20, 1914.

SIR,—In your report for 1912-13 there is published a statement of warehouses. In this statement credit is taken by the several distilleries for legal allowances, 351,479.79 gallons, and for other allowances, 17,818.28, which are entered as free. What is the nature of the other allowances, and why are they free? The Walker distillery at Windsor gets credit for 175,927.30 gallons, and the Gooderham & Worts distillery at Toronto for only 59,338.80 gallons, though the transactions at the latter are greater than at the former.

Presumably these allowances arise on packages leaving the distilleries, and are no doubt checked by your officer stationed at the distillery. Is any detailed statement furnished?

I am, sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister of Inland Revenue.

INLAND REVENUE DEPARTMENT, OTTAWA, March 26, 1914.

SIR,—I have the honour to acknowledge receipt of your communication of the 20th instant requesting to be advised as to the nature of allowances made on spirits and covered by free entries, apart from those included under legal allowances, at various distilleries.

In reference thereto I may state that the quantity of 17,818.28 proof gallons is accounted for as follows:—

	Proof gallons.
Free entries covering an equivalent to duty paid spirits brought into, and charged upon the stock books of, the distilleries as per Circular G. 269, Article B, sections 5-7	11,823.96
Free for use of Government House	381.60
Free for use in departmental laboratories	37.40
Free written off by authority of Order in Council	5,575.32
Totalling	17,818.28

The quantities written off by Order in Council represent spirits lost by accident or destroyed by fire, and concerning which satisfactory proof covering such loss or destruction was produced.

Detailed entries are forwarded to the department relating to each transaction representing a deficiency of spirits when ex-warehoused, free of duty, under legal allowance.

I remain, sir, your obedient servant,

GEO. W. TAYLOR,
Secretary.

The Auditor General.

I certify that these accounts have been examined by me under the direction of the Auditor General and by authority of 7-8 Edward VII., Chap. 76, and are correct. The over-expenditures shown in A. G.'s report of 1912-13, page J-186, have been provided for by Ordinance No. 19 of 1914, with the exception of $12.25 for light and $252.32 for General Repairs and maintenance for Dawson School. The attention of the Commissioner of the Yukon Territory has been drawn to these items as well as the items of over-expenditure shown above with the exception of the items marked X under Roads, Bridges and Public Works, which items are provided for by a clause in the Supply Ordinance of 1913.

DEPARTMENT OF THE INTERIOR, OTTAWA, JANUARY 16, 1914.

Re Destruction of Vouchers.

DEAR Mr. FRASER,—We require our forest and fire rangers in the West to furnish monthly diaries showing what work they have done each day during the month. These diaries, as it were, take the place of the attendance books which the clerks in the Inside Service are required to sign. As a result, we have had stored away in our Forestry Branch the diaries that have been furnished since the year 1900, and these are accumulating and taking up considerable storage space. They are really of no particular value after they have served the purpose of checking the rangers' accounts, but I hesitate to have the same destroyed without first consulting you. It is not likely that an investigation of the accounts would be taken later than two or three years after the time the diaries were submitted, and, under the circumstances, I would suggest that it might be proper to make a rule that in future it will not be necessary to keep the diaries except for the last four years, and that all previous diaries should be destroyed from time to time.

I would be glad if you would kindly favour me with an expression of your views on the sujbect.

Yours very truly,

The Auditor General. W. W. CORY, *D.M.*

AUDIT OFFICE, OTTAWA, January 19, 1914.

SIR,—I have received your letter of the 16th instant, in reference to the destruction of the monthly diaries of forest and fire rangers.

You think that it is not necessary to keep these diaries longer than four years, and you ask for an expression of my views on the subject.

On the 4th March, 1897, an Order in Council was passed appointing the Deputy Minister of Finance, the Auditor General, and the Under Secretary of State, as a commission to report on the periodical destruction of such papers and vouchers as may be deemed useless.

This Committee reported that, in their opinion, all vouchers, papers, and memoranda relating to receipts and expenditure, might, as a rule, be destroyed at the end of ten years.

I may add that in an appendix, the commissioners report a visit to your department in which they report that your accountant was of opinion that all vouchers, accounts, cheques, etc., with the exception of surveyor's accounts, might be destroyed at the end of five years.

You could no doubt procure a copy of this report, but if you cannot, I could loan you my copy.

I am, sir, Your obedient servant,

The Deputy Minister, J. FRASER, *A.G.*
Interior Department.

AUDIT OFFICE, OTTAWA, April 23, 1914.

Re **Southern Alberta Land Co., Ltd.**

SIR,—On March 6 last you made refund to the Southern Alberta Land Company of $18,333.54, being part of amount deposited on 27th June, 1906, in accordance with clause 3 of agreement of 26th June, 1906.

Cluase 3 provides for payment of 5c. per acre, and from this sum shall be defrayed the expenses of the inspection and preliminecary survey made by the Superintendent of irrigation.

Clause 4 provides that any balance of this amount remaining after paying such expenses shall be placed to credit of the purchase price of the total purchase of 380,573 acres.

Please explain why a refund is made.

I have also to ask for a copy of the account of the Southern Alberta Land Co., Ltd., and a statement and certificate of the expenditure on irrigation works, etc.

When a refund is needed covering deposits of current year, there is no objection to making them through your Letter of Credit.

But when a refund is needed covering payments of this nature, deposits for which have been made during previous years, it is desirable that direct application should be made to this office, accompanied by corresponding statements and vouchers.

I am, sir, Your obedient servant,

The Deputy Minister,
Interior Department.

J. FRASER, *A.G.*

DEPARTMENT OF THE INTERIOR, OTTAWA, April 30, 1914.

SIR,—I have your letter of the 23rd instant relative to the refund of $18,333.54, made by this department to the Southern Alberta Land Company, Limited, on the 6th March last, this amount representing part of the amount deposited by the company in accordance with clause 3 of an agreement of the 26th June, 1906.

In reply to your inquiry why this refund was made, I beg to advise you that on the 27th June, 1906, the company paid the sum of $19,028.65 (being five cents per acre on 380,573 acres) as an evidence of good faith and to cover the cost of preliminary surveys and expense of inspections made by the superintendent of irrigation. As no such inspections or preliminary surveys were made by the superintendent of irrigation, this amount was not used, and became available—to be applied on the land purchased, in accordance with clause 4 of the agreement.

The payments on the land purchased were, however, made in full on 20th July, 1911, with the exception of interest charges—amounting to $695.11—so that when the company made application for a refund of the $19,028.65 deposited, the amount of $695.11 necessary to complete the payment on the land purchased was deducted, and the balance, viz., $18,333.54 returned to them.

I enclose herewith a copy of the account of the Southern Alberta Land Company, together with a statement and certificate of the expenditure in connection with the irrigation works constructed from the 26th June, 1906, to the 31st July, 1910, showing a total expenditure of $1,076,497.33, which more than fulfils the requirement of clause 2 of the agreement for sale.

With reference to the last paragraph of your letter, I may say that the original amount deposited by the company on the 27th June, 1906, was placed

to the credit of survey fees in Dominion Lands Revenue, and when application was made for refund of the balance of the amount so deposited, a refund cheque was issued out of Dominion Lands Revenue, as is customary in the daily transactions of this department.

I trust that this explanation and the accompanying statements will be satisfactory.

Your obedient servant,

The Auditor General. W. W. CORY, *D.M.*

Re Rents of Timber Berths.

AUDIT OFFICE, OTTAWA, September 2, 1914.

SIR,—I beg to call your attention to the large decrease in the collections on account of Rentals of Timber Berths under license during the fiscal year ended March 31 last, in comparison with the years 1911-12 and 1912-13.

Enclosed herewith you will find a summary of collections for the last three years by districts; the totals of which are as follows, viz.—

AUDIT OFFICE, OTTAWA, September 4, 1914.

SIR,—The following areas of Timber Berths under License are made up from the statements furnished up to April 30, 1912.

Calgary	827.19	square miles.
Edmonton	1,349.65	" "
Kamloops	1,313.64	" "
New Westminster	53.21	" "
Prince Albert	1,558.50	" "
Winnipeg	1,927.89	" "
	7,030.08	" "
Kamloops	4,043.48	acres
New Westminster	295,607.67	"
	299,651.15	"

Totals for Annual Rental.

7,030.08 square miles at $5	$35,150.40
299,651·15 acres at 5 cents	14,982.55
	$50,132.95

As these licenses were in force in 1911-12, and the rental collected for that year was $70,165.48, I should be glad to have an explanation of the difference between the statements furnished and the collections.

A later comparison cannot be made as no statements of issues and cancellations have been furnished.

I am, Sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister, Interior Dept.

TIMBER AND GRAZING LANDS BRANCH, OTTAWA, September 18, 1914.

SIR,—I beg to acknowledge the receipt of your letters of the 2nd and 4th instant, in which you point out the large decrease in collections on account of rental on timber berths held under license during the fiscal year ending the 31st March last, in comparison with the preceding years, and ask for an explanation.

I may say that the license year commences on the 1st May, and rental becomes due in advance on that date. For some years previous to the 1st May, 1913, a penalty of increased rental was imposed on licensees who did not, during the preceding calendar year, operate their berths to the extent provided in the regulations. In Manitoba, Saskatchewan and Alberta, $10 per square mile was charged, instead of $5 per square mile. In the Railway Belt, West of Yale, 10 cents per acre was charged instead of 5 cents, and in the Railway Belt, east of Yale, $20 per square mile instead of $5. The collection of this increased rental was discontinued on the 1st May, 1913, which accounts, very largely, for the decrease in rental. As you no doubt are aware, the area under license is changed from time to time, but even no change in this regard occurred you could not

properly make comparisons in collections from year to year, as although rental becomes due in advance on the 1st May, it is not always paid during the current fiscal year. I may also point out that the rental chargeable in the Railway Belt on berths lying west of Yale is 5 cents per acre, and east of Yale, $5 per square mile. It would appear from your letter of the 4th instant that you are under the impression that the rental on all berths in the Railway Belt is 5 cents per acre.

A statement of the new licenses issued since the 30th April, 1912, together with a statement showing cancellations and transfers, will be sent to you at an early date, as requested.

Your obedient servant,

B. L. YORK, *Controller.*

The Auditor General.

Re **Petroleum and Natural Gas.**

AUDIT OFFICE, OTTAWA, August 28, 1914.

SIR,—During the fiscal year ended March 31 last, I find that a large number of leases have been issued for Petroleum and Natural Gas, and I have to ask you to furnish this office with a list of the leases issued, showing the following information, viz.—

1st. Number of lease.
2nd. Name of District.
3rd. Name of Lessee.
4th. Annual Rental.
5th. When rental is due.
6th. Cancellations and assignments.

I should be glad if you would have this return prepared up to March 31, 1914, and forward subsequeut issues monthly from that date.

I am, Sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister, Interior Dept.

Re **Coal Leases.**

AUDIT OFFICE, OTTAWA, August 31, 1914.

SIR,—According to the statements furnished this office of coal leases issued and cancelled to November 1, 1913, the annual rentals aggregated $429,566.84.

The rentals collected during the fiscal year 1913-14 amounted to only $207,373.28, whereas the collections of 1912-13 were $326,334.86.

Enclosed herewith is a statement showing how the above figures are made up.

I should be glad to have an explanation of the large falling off in the collections on this account in comparison with the previous year. Would you also furnish the statement of new leases issued since November 1, 1913.

Your early attention is requested.

I am, Sir, your obedient servant,

J. FRASER, *A.G.*

The Deputy Minister, Interior Dept.

AUDIT OFFICE, OTTAWA, April 1, 1914.

SIR,—I have received two Orders in Council of recent date—one appointing W. J. McLeod warden of Saskatchewan penitentiary, and the other appointing J. C. Ponsford, at the date of the Order in Council warden of Manitoba penitentiary, to be warden at Alberta penitentiary.

In both cases the newly-appointed wardens have been assigned duty temporarily at the penitentiaries to which they have been respectively appointed, and in the case of Mr. Ponsford, subject to transfer at the Minister's pleasure.

The statutory authority for the appointment of a penitentiary warden is as follows:—

> "The Governor in Council may appoint, for any penitentiary, a warden and a deputy warden, who shall hold their offices during pleasure." (Chap. 147. sec. 25 R.S.C.).

Under this provision does not the Governor in Council, of necessity, appoint each warden to a certain penitentiary from which he may not be removed or transferred except by the authority which appointed him?

I am, sir, your obedient servant,

The Deputy Minister of Justice
OTTAWA.

J. FRASER, *A.G.*

JUSTICE DEPT., OTTAWA, April 30, 1914.

SIR,—Referring to your letter of 1st instant as to the recent appointment of wardens of the Saskatchewan and Manitoba penitentiaries, I may say that the policy of the department at present is to have the wardens appointed upon terms that they may be transferred from one penitentiary to another, the salaries and allowances having been made uniform. The question as to whether when a transfer comes to be made it should be authorized by the Minister or by the Governor in Council has not been considered and may perhaps stand until it arises to be determined, but I may observe that the Minister is given full administrative power over the penitentiaries, and in the case of Warden Ponsford, seeing that by the Order in Council sanctioning his appointment he is subject to transfer at the Minister's pleasure, I should suppose that the Minister would be quite entitled to exercise the power of transfer.

I have the honour to be, sir, your obedient servant,

The Auditor General, OTTAWA.

E. L. NEWCOMBE, *D.M.J.*

AUDIT OFFICE, OTTAWA, June 30, 1914.

Re **Kingston Penitentiary Binder Twine.**

SIR,—When the accounts of 1912-13 were closed, there was still $3,383.64 unpaid for sales of binder twine.

In your letter of March 21, 1913, you inclosed a letter fron the accountant of the penitentiary in which he intimated that these arrears would be paid by November, 1913.

During the year 1913-14 only $765.36 came to account, leaving $2,618.28 still due.

No doubt your officials are taking action towards collecting these arrears.

I am, sir, your obedient servant,
JOHN GORMAN, *for A.G.*

The Deputy Minister, Justice Department.

JUSTICE DEPT. OTTAWA, JULY 4, 1914.

SIR,—I have the honour to acknowledge receipt of your letter of June 30th, regarding outstanding accounts for binder twine due the Kingston penitentiary.

Owing to the financial stringency in the west it has been found impossible to close these matters up. The penitentiary authorities are keeping constantly in touch with the parties owing the amounts, and hope to succeed in collecting them at the end of the coming harvest. In most cases, joint and several notes, signed by parties approved of by the banks, are held, and interest will be charged on all overdue accounts.

I am, sir, your obedient servant,
W. STUART EDWARDS, *for D.M.J.*

The Auditor General.
